Narayanan Chatapuram Krishnan

318, Administrative Block, Indian Institute of Technology Ropar, Nangal Road, Rupnagar, PB 140001
Phone: +91 1881 242273. E-Mail: ckn@iitrpr.ac.in

Research Interests

Theory: Data Mining, Pervasive Computing, Multimedia Computing
Applications: Activity Learning, Human Behavior Modeling, Pervasive Health Care, Assistive and Rehabilitative Systems

Education

Ph.D in Computer Science and Engineering   **2010**
Advisor: Prof. Sethuraman (Panch) Panchanathan
Arizona State University, Tempe, AZ, USA
Dissertation Title: A Computational Framework for Wearable Accelerometer Based Activity and Gesture Recognition.
CGPA: 4.00/4.00

Masters in Technology (Computer Science)   **2004**
Sri Sathya Sai Institute of Higher Learning, Prasanthi Nilayam, AP, India
CGPA: 5.00/5.00

Masters in Science (Mathematics)   **2002**
Sri Sathya Sai Institute of Higher Learning, Prasanthi Nilayam, AP, India
CGPA: 4.96/5.00

Bachelors in Science Honors (Mathematics)   **2000**
Sri Sathya Sai Institute of Higher Learning, Prasanthi Nilayam, AP, India
CGPA: 4.87/5.00

Work Experience

Assistant Professor   **September 2014 - Present**
Department of Computer Science and Engineering
Indian Institute of Technology, Ropar

Visiting Faculty   **October 2013 – August 2014**
Department of Computer Science and Engineering
Indian Institute of Technology, Ropar

Assistant Research Professor   **September 2011 – July 2013**
School of Electrical Engineering and Computer Science,
Washington State University

Postdoctoral Research Associate   **October 2010 – August 2011**
School of Electrical Engineering and Computer Science,
Washington State University

Graduate Research Associate   **August 2007 – September 2010**
Center for Cognitive Ubiquitous Computing
School of Computing, Informatics and Decision Systems Engineering,
Arizona State University

Graduate Teaching Associate   August 2005 – May 2009
School of Computing, Informatics and Decision Systems Engineering,
Arizona State University

Engineer Intern   February 2005 – May 2005
MotionEase Inc, Bangalore, India

Project Associate   July 2004 – January 2005
Department of Electrical Engineering,
Indian Institute of Science, Bangalore, India

Honors and Awards

Nominated for best PhD Thesis Award,   2010
School of Computing, Informatics and Decision Systems Engineering
Arizona State University

Student Project Funding   2009
Office of Academic and Student Affairs,
Arizona State University

Invited membership to The Honor Society of Phi Kappa Phi   2007
For academic success in graduate program
Arizona State University

The President of India Dr. A. P. J. Abdul Kalam Gold Medal   2004
For academic excellence in Masters in Technology (Computer Science)
Sri Sathya Sai Institute of Higher Learning, India

27. **N C Krishnan**, M C Prakash, G V P Rao, High-level feature extraction in JPEG compressed domain, SPIE International symposium on optical science and engineering, USA, 2004.

Other

1. **N C Krishnan**, Study on audio correlates of stress and team performance during code blue in ICU, Work conducted in collaboration with Dr.Bhavesh Patel from Mayo Clinic, Phoenix, 2010

2. **N C Krishnan**, A Venkatesan, R Chattopadhyay, S Panchanthan, Accelerometric feature analysis for movement pattern recognition, Technical Report, TR_CUBIC2010.

3. **N C Krishnan**, G. Pradhan, S. Panchanathan, Cognitive Orthotic for Prompting Tasks in Complex ADL, Arizona Alzheimer's Research Consortium, Annual Conference, 2009.

4. **N C Krishnan,** D Colbry, C Juillard, S Panchanathan Real time human activity recognition using tri-axial accelerometers Poster in symposium on Co-Adaptive Learning: Adaptive Technology for the Aging, Arizona State University, 2009

5. **N C Krishnan**, Low resolution accelerometer data for human activity recognition, Research in Engineering & Applied Sciences (REAS) Symposium, Arizona State University, 2007

6. **N C Krishnan**, S Balasubramaniam, G V P Rao, Image processing in the JPEG compressed domain, symposium on emerging trends in Computer Science Technology, Rajiv Gandhi Memorial Institute of Technology, India, 2004

Invited Talks and Tutorials

- Activity Learning for Real-World Applications – Washington State University, 2014.

- Human Activity Recognition in the Real World – Tata Consultancy Services Innovation Labs, Bangalore 2013.

- Human Activity Recognition - Indian Institute of Technology Ropar, 2013.

- Machine Learning for Pervasive Computing Applications, Research Seminar, School of Electrical Engineering and Computer Science, Washington State University, 2012.

- Sensor Based Human Activity Recognition – Tutorial Presentation at International Conference on Multimedia and Expo, 2010.

- Sensor Based Human Activity Monitoring – Sri Sathya Sai Institute of Higher Learning, 2010.

- A Computational Framework for Wearable Accelerometer Based Gesture and Activity Recognition, NSF-IGERT Seminar, Washington State University, 2010.

- Recognition of Short Duration Hand Movements through Wearable Accelerometers, ICME workshop on Multimedia Aspects in Pervasive Health Care, 2009.

Grant Proposals

- Activity Learning in Smart Environments, DST, Young Scientist Scheme, Role: PI, Rs.22 Lakhs 2015-2018.

- Human Activity Modeling in Smart Environments, ISIRD Grant, IIT Ropar, Role: PI, Rs 8.2 Lakhs, 2014-16.

- AAAI Fall Symposium 2012: AI for Gerontechnology – Student Travel Fund, NSF IIS-SHB program, Role: PI, 2012.

- Smart Environment Technology for Longitudinal Behavior Analysis and Intervention, NIBIB Program on Technologies for Independent Living, PI – Diane J. Cook, Role: Research Associate, 2012.

- The iCare Ambient Interactive Shopping Environment, NSF-IIS Exploratory Grant 739774, PI – Terri Hedgepeth, Role: Co-Author, 2007.

- Participated in writing proposals to NSF and SOCOM (2007-2010) while a research associate at the Center for Cognitive Ubiquitous Computing.

- **Under Review**

- o A Crowd Sourced ICT Solution for Monitoring Road Surface Conditions, DAE-BRNS, Young Scientist's Researcher Award, 2016.
- o Software Engineering Automation using Knowledge Discovery and Semantic Computing, DST-EMR, Role: CoPI, 2016.

Administrative Service

- Department of Computer Science and Engineering, IIT Ropar
    - o Academic Coordinator for Post Graduate Program
    - o Member, Sponsored Research and Industry Consultation Committee
- Institute Library Committee - Member
- Institute Intellectual Property Rights Cell - Member

Professional Service

- Indo-French Center for the Promotion of Advanced Research – Research Proposal Reviewer - 2015
- Israel Science Foundation - Research Proposal Reviewer – 2014.
- National Science Foundation-CISE Panelist 2013
- Alzheimer's Association International Research Grant Reviewer 2013.
- **Co Chair**, AAAI Fall Symposium on AI for Gerontechnology, 2012
- **Publicity Chair**, International Symposium on Haptic Audio-Visual Environments and Games (HAVE), 2010.
- **Program Committee Member:**
    - o IEEE International Conference on Pervasive Computing 2015, 2016
    - o International Workshop on Computer Vision and Machine Learning, SSSIHL, 2012, 2014.
    - o International Workshop on Situation, Activity and Goal Awareness, (Part of UbiComp) 2011, 2012
    - o Activity and Context workshop at AAAI, 2012.
    - o International Workshop on AI Techniques for Ambient Intelligence, 2011, 2015
    - o ACM International Conference on Information and Knowledge Management, 2011
    - o International Workshop on Machine Learning for Human Behavior Understanding and Assisted Living (Part of ICMLA), 2011
- **Reviewer:**
    - o Journals
        - ▪ MIT Press
        - ▪ Alzheimer's and Dementia
        - ▪ Journal of Pervasive and Mobile Computing
        - ▪ IEEE Pervasive Computing
        - ▪ ACM Transactions on Intelligent Systems and Technology
        - ▪ IEEE Transactions on Human-Machine Systems
        - ▪ Journal of Visual Communication and Image Representation
        - ▪ Expert Systems

- Sensors Journal
- International Journal of Telemedicine and Applications
- Journal on Transportation Research Part C: Emerging Technologies
- International Journal of Ad-Hoc and Ubiquitous Computing
  - o Conferences
    - ACM International Joint Conference on Pervasive and Ubiquitous Computing (UbiComp) 2012, 2013, 2015, 2016
    - International Symposium on Wearable Computing 2015.
    - International Conference on Pervasive Computing Technologies for Health Care, 2013.
    - AAAI Workshop on Space, Time and Ambient Intelligence, 2013.
    - Assisted in reviewing papers submitted to ICIP (2007-08), ICME (2007-10), ICPR (2008, 2010), ICGVIP (2008), ICASSP (2008-10) and BSN (2008).
- Member: IEEE

Teaching Experience

- Spring 2016
  - o Artificial Intelligence, CSL452 (41)
  - o Software Systems Laboratory, CSP203 (along with Prof. Balwinder Singh Sodhi)
- Fall 2015
  - o Advanced Machine Learning, CSL603 (3)
  - o Data Structures, CSL201 (71)
- Spring 2015
  - o Introduction to Database Systems, CSL451 (80)
- Fall 2014
  - o Machine Learning, CSL407 (56)
- Spring 2014
  - o Artificial Intelligence, CSL302 (64)
- Fall 2012
  - o Machine Learning, CptS 570-01 (20) , School of Electrical Engineering and Computer Science, Washington State University.
- Co-Instructor, CptS 580, Advanced Topics in Machine Learning, Fall 2011, School of Electrical Engineering and Computer Science, Washington State University.
  - o Classroom Lectures on Dimensionality Reduction, Feature Selection and Transfer Learning
  - o Designed and evaluated the homework on dimensionality reduction and feature selection.
- Teaching Associate, Department of Computer Science and Engineering, Arizona State University
  - o Courses:
    - CSE 181 – Applied Problem Solving with Visual BASIC (2005-06)
    - CSE 360 – Introduction to Software Engineering (2006-07)
    - CSE 485/486 – Computer Science Capstone Project (2007-2009)
  - o Role: Administrative responsibilities over other TAs and graders, Office hours to interact with students on course work, Issues related to Grading (design criteria, solutions and addressing student queries) and Assist in examination sessions.

Student Mentoring

- Graduate Students:
    - Sanatan Sukhija (2015- present)
    - Barnan Das (co mentored with Prof. Diane Cook, WSU 2014)
    - Ashok Venkatesan, (co mentored with Prof. Sethuraman Panchanathan, ASU, 2011)
- Undergraduate Students:
    - 2016
        - Gaurav Mittal, Kaushal Yagnik Bhupesh, and Mohit Garg (Team Spot Garbage, Microsoft Imagine Cup India Finalists)
        - Deepak Chawla, Aniket, Thipparthy Jagadeesh Chandra
    - 2015
        - Jaskaran Singh Virdi, Rahul Kumar, Imroj Qamar, Sahil Dabra , Gurasis Singh
        - Co-mentored with Dr. Junghyun Jun - Prikishit Kumar, Pankaj Kumar, Parmeet Singh
        - Gurkanwal Singh (Winter 2015)
    - Colin Juillard, 2008
    - Sean Phillip, 2009
